“Working Together for Excellence”

April 2008

Year 9 SATs Tuesday 6th May to Friday 9th May

Dear Parent/Carer

Students in Year 9 will sit tests in Science, Maths and English on the dates shown above. A copy of the timetable is shown overleaf. In the week preceding the tests students will attend an assembly on examination procedures.

It is essential that students arrive promptly for the start of each test. Students who are absent or miss a test will not have a level awarded and, because the tests are under formal exam board regulations, there is no opportunity for a re-sit.

Students have been encouraged to work out a revision timetable. They can also log on to BBC 'Bitesize' www.bbc.co.uk/schools/revision or SAM Learning www.SamLearning.co.uk to help with their revision. Each Year 9 student has also been given a SATs Revision CD. Your support and encouragement with your child's revision will be invaluable and will help to improve their performance in the tests.

If you have any concerns regarding the SATs please contact School. Your continued support and partnership with School can make a real difference to your child's final results.

Yours sincerely

Mrs S Webb
Deputy Headteacher
